It is time to invest in the
Kansas Broadband Highway!

TCT Continues to
Invest in Rural Kansas

- TCT Community Development Grant
- City Projects
- Schools
- Public Libraries
- Hospitals
- Chamber of Commerce/Tourism
- Civic Groups
- Regional Groups
- Local Businesses
- Non-Tech Wireless

"Connecting Rural Areas
to Remote Work"

"With the rise of remote work – 115 percent
over the last 10 years – there are more types of
opportunities open to workers in rural areas, as
well as any economically disadvantaged areas,
to find work that isn't tied to one specific
location." "Connecting Rural Areas to Remote
Work" - EffortGov 11/8/17

The Broadband Highway

Super Highway right up to your Door - Fiber to the Premise - Super Highway right up to your Door
Fiber to the NOD - Cooper to the Premise - Super Highway with 2 Lane Road to your door
100% Copper - 2 Lane Road to your door
Wireless - 2 Lane Highway with Limited Access
Satellite - County Road or Dirt Road

Fiber to the Premise Build Completed in 2013

TCT made the choice to build Fiber to the Premise and by 2013 TCT had completed their \$54 million “Fiber to the Premise” network construction, making their network 100% buried fiber. In 2015 TCT and the communities they serve received the “Smart Rural Community” award

A Program of:

**FUN FACT: Kansas
has 7 NTCA Smart
Rural Community
Winners!**
